LAW OF THE SEA

Letter dated 9 September 1992 from the Permanent Representative of Viet Nam to the United Nations addressed to the Secretary-General

Corrigendum

The following correction has been requested by the Permanent Mission of Viet Nam to the United Nations:

Page 2, fifth paragraph, fourth sentence

Replace the text of the fourth, fifth and six sentences by the following text

The above-listed activities, together with the oil-exploration and exploitation contract between China's Haiyang Oil and Gas Company and the Crestone Energy Corporation of the United States of America on Tu Chinh reef, located in Viet Nam's southern continental shelf, contravene the agreement reached at the highest level between the two countries that, pending a settlement of disputes, neither side should do anything to aggravate the situation. The two sides have also reached a high-level agreement to open, at an early date, negotiations on problems relating to the border on land, in the Tonkin Gulf and in the Eastern Sea. The above contraventions do not help create an atmosphere favourable to the forthcoming negotiations.
